NovoTouch

NovoTouch is a powerful team collaboration solution that's ideal for conference rooms, meeting areas and corporate lobbies. Equipped with Vivitek's **NovoPro,** a BYOD collaboration system, **NovoTouch** offers an advanced approach to group work in an all-in-one display. Featuring digital annotation and wireless capabilities, **NovoTouch** seamlessly connects users to one display, using technology that allows ideas to flow naturally.

Touch + Pro

✓ Connect up to 64 users and display up to four screens, simultaneously, on a large format display

✓ Built-in whiteboard and touch panel capabilities

✓ On-screen annotation, mark-up and wireless distribution

✓ Native screen mirroring via AirPlay and Miracast

Transform your conference room *into a true collaborative space*

The easy and affordable collaboration solution, NovoTouch creates an interactive environment for a fluid exchanges of ideas. **Features include:**

ENGAGE

Users can manipulate content with up to 20-points of touch, common gesture interactivity and on-screen annotation

INSPIRE

Think differently during group work with side-by-side collaboration on one large display

- Ultra HD 4K (3,840 x 2,160) or Full HD (1,920 x 1,200) resolutions for outstanding details and stunning visuals

- Complete range of display sizes including 98", 86", 75" and 65"

- LED backlit technology for brighter picture, longer life (minimum of 30,000 hours) and lower energy cost

- High contrast ratio and fast response time delivering crisp, readable content

- An anti-glare surface improves the screen visibility in high ambient light environments and a 4mm thick toughened glass provides added protection against screen damage

A new way to engage and interact with big data visualization

- **Supports video playback with perfect synchronization, up to 1080p, at 60 FPS, and 4K Ultra HD at 30 FPS**

- **Dual network support for separate or parallel wired and wireless connections for ultra secure networks**

- **Optional Accessory: Launcher, a USB device that provides tactile operation without installing the software**

- **Reduces clutter and promotes a cable-free workplace with Wi-Fi connection and wireless file sharing**
